

SY OHANA

Perini Navi - 43.40 m

Delivered in June 2004, OHANA is the newest addition to the Perini Navi Owner.s Program. She is a 43-meter, aluminum, master-piece with hull lines from Ron Holland and Carbon furling booms. Her five suites provide flexibility at an incredible value. Fold out transom/ beach makes access to the water simple and enormous flybridge and wide open main deck provide the feel of a much larger vessel.
